Big Thank You to the team last weekend who got the club back up to scratch after winter.

In the [Program](#) on our larger weekends you will see the evening before 6pm Registration and Social, each time you see that be sure to to check here in the Pigeon Post for details, I put that in to give us the opportunity to try and create something for the early birds and to ensure that if we have anyone sailing around there will be someone in the club to greet them on arrival.

What's Been Going On

drop in and say hi, if the club licence comes through on time I might even be able to buy you a drink.

Saturday Afternoon 3pm (sailing permitting) afternoon tea in the club, members a plate please.

Saturday Evening 6pm Potluck dinner followed by a quiz.... you've been warned to start studying.

Sunday Evening the bar should be open after sailing, nothing formal planned in the evening but if people are around we will be there to whip something up with our visitors.....

See you there

Matt

Matt's Meteorological Musings

Yet again the weather Gods leave an airey fairy map to read but this is my pick 3-4 days out. Sometime Saturday a warm front will pass over in behind it will be light Nor Wester.....which in reality for us will probably show as a Northerly straight down the bay. Over time this system will build so by Monday it should be a proper NorWester with the occassional gust over the top of the hill out of Homes Bay.

All in all perfect light to medium breezes with flat water and clear skies.

Lets GO Sailing.

Duty Crew
