PBBC Classic Car Division

Most PBBC members won't realise that our club also has a small (but growing) classic car division.

Pictured here are two members at a recent car show in Oxford. Murray Walls is also a member of the PBBC CCD with his Lotus Elise and heads up the performance division with his race prepared Toyota MR2.

Rear Commodore Gary McFarlane with his Morris Minor

Members report a number of advantages with cars over yachts:

1. You don't need any wind (although members need to avoid passing wind if their car is not of the open top variety)
2. A car goes precisely in the direction it is pointed, and points very high into the wind.

4. Only in dire circumstances is a main sheet or indeed any type of rope required.

5. The Captain requires very little effort or enthusiasm from his crew.

6. A car is not looking to turn upside down at any given opportunity.

Given these advantages, the PBBC CCD intends combining their interests and creating an Opti Triumph Herald division and requests that the PBBC committee apply to Yachting NZ for an official Mark Foy handicap for this new class.
